fizzlers.com, offer a FREE listing to all new businesses

For a limited time, new customers of fizzlers.com can list their organization in our database for FREE. The monthly listing fee will be waived.

Shady Side, MD (August 2, 2010) – fizzlers.com, llc, is a business-to-business and business-to-consumer Internet portal which has been operating in Washington DC, Maryland & Northern Virginia since 2004, that allows business, individuals, or organizations, an easy way to list their products and/or services in a highly segmented database that allows consumers to find and reach them with amazing speed and efficiency. fizzlers.com is temporarily offering new and competitively upgrading clients an opportunity to lists their businesses and other organizations on our portal FREE.

Why are we doing this? The economy remains sluggish, unemployment rates resists sustained decreases; we recognized that consumers, even those with jobs are unwilling to spend due to anxiety, diminished consumer confidence, and that awful feeling that they may be next to lose their precious job. As such, many businesses feel that advertising/marketing investment dollars is tossing good money after bad. **fizzlers.com** thrives by connecting those looking for goods and services with those providing them. Our portal doesn't require paper, ink, trees; just the consumer on one end, the business on the other with our servers connecting both in the middle. Our business model is less expensive to operate, and we see this as an opportunity to give a little kick to the economy.

fizzlers.com is local to each user since the database is driven by each consumer's zip code and proximity within that zip-code. A user in Annapolis Maryland will see entirely different information than a user in Washington DC or Northern Virginia. Today, a consumer who wants a haircut, tires, a major appliance or a quality auto-mechanic no longer is willing to expend fuel, effort and time to get these things; he or she is looking for those services in their own back yard. The problem is that many smaller professionals can't afford today's runaway advertising rates and the consumer passes them by simply because they are unaware. **fizzlers.com** has been solving this particular problem for years now and is offering business a way to try our service with zero risk.

The regular cost to list with fizzlers.com is a modest \$49/month and a one time \$99 data processing/insertion fee. Under this special offer, the listing fee is reduced to \$0.00/month with an insertion fee of \$19.99. The listing will be active for a period of one year and will revert to the normal fee thereafter. We are sure that once businesses witness what fizzlers.com can do for their bottom line, they will wonder why they never joined sooner. fizzlers.com utilizes many medium like radio, television, *twitter*, *facebook*, *linkedin* and other to keep our site very much in the constant view of the buying public. Our advertisers are the beneficiaries of our co-op-style traffic building efforts.

fizzlers.com offer dozens of services beyond listings. Our *eCoupons*, *AdStamps* and many other vehicles offer incredibly cost-effective ways to build the consumer traffic.

To view the particulars of this offer go [here](#). From there you will see a whole new world of opportunity

fizzlers.com, llc

fizzlers.com has been in operation since 2004. fizzlers.com provides a free-to-the-public Internet portal that behaves much the way a hotel concierge in any city would act. Every business and organization listed on fizzlers.com is indexed by its business classification combined with a unique and proprietary logistical database that will allow each user of the fizzlers.com service to customize the information returned within the stipulated needs of the individual search. Businesses and organizations remit a small monthly fee for inclusion into this growing on-line database. Every day, millions of users and thousands of businesses will experience fizzlers.com's proven ability to deliver professional results. For more information, please visit www.fizzlers.com. We are currently recruiting businesses from all across the United States with an eye toward North America & Europe in the near future.
